

AMENDMENTS

1. – 49. Cancelled.

50. (Previously presented) A mobile workstation, comprising:
- a moveable chassis;
 - a tray supported by the chassis and having an upper surface defining a substantially horizontal work surface; and
 - a docking station for a computing device supported by the tray,
- wherein the docking station is tiltable relative to the upper surface of the tray.
51. (Previously presented) The mobile workstation of Claim 50, wherein the tray has a lower surface, further comprising:
- an input device tray proximate to the lower surface of the tray.
52. (Previously presented) The mobile workstation of Claim 51, wherein the input device tray is a pull-out tray.
53. (Previously presented) The mobile workstation of Claim 51, wherein the input device tray is an adjustable tray.
54. (Previously presented) The mobile workstation of Claim 51, wherein the input device tray is a height adjustable tray.

55. (Previously presented) The mobile workstation of Claim 50, further comprising:
a power unit supported by the chassis for supplying power to the computing device.

56. (Previously presented) The mobile workstation of Claim 50, further comprising a
monitoring device, the monitoring device supported about the moveable chassis.

57. (Previously presented) The mobile workstation of Claim 50, further comprising a
medical device, the medical device supported about the moveable chassis.

58 – 59. Cancelled.

60. (Previously presented) The mobile workstation of Claim 50, further comprising a
tiltable display, wherein the tiltable display is used to view medical images.

61 – 62. Cancelled.
